

Performance and Luxury Redefined

SAX DAKOTA...

...for 2011...does more than just introduce new saxophones.

Owning a Sax Dakota *XG TYPE* Saxophone may be thrilling, but it's the connection between the instrument and the player that will impress you most. *XG* transforms beauty and performance into outstanding levels of personal satisfaction every time you go on stage prepared for a flawless live event.

Personalized Mother of Pearl key tips that blend into the luxurious hand rubbed key cups/trim, along with understated craftsmanship of subtle artistic engraving will make your choice even more certain.

The *XG TYPE* Sax Dakota series is designed to bring you optimum intonation, most reliable mechanical action plus a sound quality that goes beyond any sax on the market today.

Our ergonomically shaped keys, key arms and spatulas are just the beginning of the exhilaration you will experience when you first road test a Sax Dakota *XG* Alto or Tenor saxophone.
